

## **Representative Angie Sapik on 2023 Wisconsin Act 94: New District Maps for the 73rd Assembly District**

Madison, WI – February 19, 2024

Today Governor Tony Evers signed Senate Bill 488 into law, officially enacting the 2023 Wisconsin Act 94, which changes the territory lines of every Assembly and Senate district throughout the state. While I am devastated to lose my beloved Burnett and Washburn counties, I look forward to working for the people of Bayfield and Ashland counties along the Southern Lake Superior shoreline. This expansion brings fresh opportunities to make a difference in all communities of Northern Wisconsin from The Apostle Islands to Superior! I look forward to spending a lot of time along the South Shore of the great Gitchie Gumees as I learn about the different needs of these communities.

Over the years, we have worked tirelessly to build trust with our existing constituents. We've listened to their concerns, celebrated their victories, and stood by their side during challenging times. Now, as we venture into new territory, I intend to carry that trust with me. My commitment to transparency, accessibility, and effective representation remains unwavering. To my friends in Burnett and Washburn County: I vow to always listen to your concerns as a Representative of the State of Wisconsin, regardless of whether you reside in District 73 or not. My heart knows no district lines and I pride myself on being a hard-working, positive representative for all of Northern Wisconsin.

To my new constituents in Bayfield and Ashland counties, I extend a warm welcome. I am eager to meet you, learn about your unique needs, and advocate for your interests. Together, we will forge a path toward progress, ensuring that your voices are heard in the halls of the Capitol and beyond.

Change is inevitable, and I find myself in a unique position as a moderate incumbent politician to fairly represent people in all walks of life, Republican, Independents, Libertarians, Democrats, and everyone in between. Let us embrace this change with open minds knowing that it is through these shifts that we grow stronger and more resilient. I will continue to fight to lower taxes, preserve our habitats and our wildlife, legalize marijuana, protect our waters, fix our roads, fund our parks, and fight for the rights of all my Northern Wisconsin friends.

Together, we embark on a journey toward a brighter future—one where every voice matters, every community thrives, and I hope to combine our shared values to guide us forward together.
