EARTH DAY CLEANUP

Is your organization or group looking for a way to give back to the community and help keep our City looking great? Have you been thinking about adopting a space but want to experience the program first? We would love to have you join us for our City-wide initiative to clean all of our parks, gardens, trails, boat launches and other City spaces that are not currently adopted. We will provide the supplies needed as well as any tools. Times are flexible!
